Historical Data

- The historical data for FASAMS is limited in scope to all records of each individual who has an open admission as of November 30, 2018
- Exceptions:
 - All Wait List data July 1, 2018 through November 30, 2018.
 - All Acute Care Data from January 1, 2017 through November 30, 2018
 - All Non-Client Specific Services from July 1, 2018 through November 30, 2018

Reports and Data Analysis

Priority Population Reporting

- A change request has been created and brought before the ESC to remove Priority Population from the Treatment Episode Data Set
- The department would calculate the Priority Populations based upon the data that is been entered by the Submitting Entities

Released Data Sets

The data sets below have been published to the FASAMS website

- Service Event
- Wait List
- Acute Care
- Subcontract
